

Product Catalogue

CURVES & CARVINGS

Curves & Carvings is the finest store of Designer Luxury Furniture. We specialized in making Antique, Classic & Colonial reproduction furniture. This catalogue is our endeavour to introduce you to some of subliminally beautiful and exquisite furniture items manufactured recently.

Over the years, we have carefully selected the finest pieces from amongst thousands of designs and introduced these into our collection. Our workmanship is inarguably among the finest in the world, as we have generations of artists working for us, who are masters of wooden arts. Our designs are unique as they are judicious blend of antique and modern design.

All our furniture is made of Teak wood, which is then hand-crafted using time proven traditional techniques. It is then finished using our hand rubbed polish technique. With our flawless craftsmanship, timeless design and style adds to flair and sophistication of any home, office, hotel or interior design project.

Please feel free to browse through our entire Product Gallery at www.curvesandcarvings.com or at www.instagram.com/curvesandcarvings. Do write us at contact@curvesandcarvings.com to let us have your feedback.
